## Sriracha Peanuts

Date added: 2025/05/11

### Ingredients

#### Sublist 1

- 1/2 cup sriracha
- 1 Tablespoon potato starch
- 1 TBS sugar
- 1/4 tsp kosher salt
- 1 1/2 cups ( 8 oz.) peanuts, roasted unsalted

### Method

1. combine all ingredients except peanuts in small saucepan over medium heat to dissolve starch and sugar.
2. remove from heat and toss peanuts to coat.
3. arrange in a single layer on a silicon lined baking sheet. Bake at 350 for 20 minutes.
4. Immediately remove from pan and toss in a large heat-proof bowl to break up nuts as they cool.

### Notes

These appeared to bake unevenly and coating did not adhere evenly either. Texture on cooling is inconsistently gummy as well. This recipe needs more work/research. Inspired by: *original recipe link*
